Letter from the President

Greetings from ISA.

I hope this letter find you and your family well.

**Letter from the
President** 1

The Fourth ISA Forum of Sociology is scheduled to be held online next year, February 23-27. Unfortunately, it will be held virtually, an ambience that makes personal interactions more difficult, as well as the beginning of new friendships, the establishment of new work partnerships, which are the most attractive characteristics of our congresses. However, the pandemic is far from over, and it is really admirable ISA Executive Committee and Brazilian Local Organizing Committee effort and creativity to carry out the event under such circumstances.

**Call for papers:
Society for the
Advancement of
Socio-Economics,
33rd annual
conference** 2

By mid-January 2021, I will send another newsletter with the RC07 final program. The delay is because many colleagues, from all RCs, did not register to participated in the Forum online; therefore, ISA will have to reschedule the whole program.

If you would like to circulate news on events, publications, call for papers, etc, please, send me information about it, until 15th January.

Best wishes

2021 – SASE Conference

After Covid? Critical Conjunctures and Contingent Pathways of
Contemporary Capitalism

The Society for the Advancement of Socio-Economics (SASE) is pleased to announce the call for papers for its 33rd annual conference, taking place online from 2-5 July 2021.

Please find the call for papers [<https://sase.org/event/2021-sase-conference/>] (as well as SASE's research networks [<https://sase.org/about/networks/>] and 2021 mini-conference themes [<https://sase.org/event/2021-sase-conference/#mini>]).

The deadline for submissions is 16 January 2021.

Please feel free to distribute widely. We hope that you will join us!
