1. The Nomination Committee for the Board of 2018-2022

Dear Members,

The term of the current Board of RC55, ISA, will end this year. We have to proceed to elect the next board for 2018-2022. According to the statutes of RC55, "The President will appoint a Nominations Committee (NC) to recommend candidates for various positions." In the capacity of the president of RC55, I asked four members to serve in the Nominations Committee. I chaired the committee. The Nomination Committee will recommend members for president, vice president, secretary and other FIVE members on Executive board. They also review candidates proposed from members.

COORDINATING EDITOR:

Ming-Chang Tsai

Research Fellow and Executive Director of Center for Asia-Pacific Area Studies, Academia Sinica, Taiwan

The Nomination Committee consists of:

Chair: Ming-Chang Tsai

Members: Jeroen Boelhouwer (The Netherlands Institute for Social Research);
Ken Land (Duke University);
Leslie Laczko (University of Ottawa);
Gene Shackman (The Global Social Change Research Project).

Ming-Chang Tsai, President

2. Activities, mobilities, and promotions of members

- **Dolgion Aldar** (National University of Mongolia) :
 - a). One news is that now Independent Research Institute of Mongolia (IRIM) has completed its first annual survey on Social cohesion and Subjective Well-Being.
 - b). We (IRIM) also joined the Asian Consortium on Social Well-Being studies in 2017 where we can harmonize our data from the above research with that of the consortium members.
 - c). In May, I presented the survey findings at the School of Geography and Environment at the University of Oxford.
 - d). I handed over my position as the CEO and now working as a Board Member and Consultant at IRIM.
- **Ming-Chang Tsai** (Academia Sinica, Taiwan), received the Research Fellow Award from the International Society for Quality-of-Life Studies in June 2018.

- **Oliver Nahkur** (University of Tartu, Estonia) :

I am a member of ISA RC55 since 2017, although my first contact with RC55 was already in 2016 at ISA Forum in Vienna when I made an oral presentation in one of the committee's sessions. Right now I am finishing my PhD studies in Sociology in University of Tartu, Estonia.

My PhD thesis focuses on the construction and validation of a new social indicator - Societal Index of Interpersonal Destructiveness (SIID) - that can be used as a globally comparative and regular measure of countries' level of interpersonal violence. SIID is being introduced in a paper "A Two-Dimensional Two-Layered Societal Index of Interpersonal Destructiveness: Internal Consistency Analysis"

published in Social Indicators Research. Later, I have made oral presentations at International Society for Quality-of-Life Studies (ISQOLS) Annual conferences at Innsbruck (2017) and Hong Kong (2018), and International Society for Child Indicators (ISCI) conference at Montreal (2017), focusing on mental health/well-being, its multilevel determinants and change of interpersonal violence level in past 30 years. In addition, I have lately studied public attitudes toward healthcare systems in European context. As soon defending my PhD thesis, I am looking for cooperation opportunities to further academic career development (post-doctoral period etc.).
